

# Together We Can Live, Work, and Thrive.

4Sight – Part of SLR is an award-winning planning and environmental services consultancy, that provides balanced solutions for land, people and water, so that together we can live, work and thrive. From central and local government, through to iwi and large private sector organisations, we've been helping people make better planning and environmental decisions since 2001.

We've built a reputation for providing expert planning and environmental services that deliver results, while maintaining regulatory and environmental integrity. Our clients appreciate the way we apply the right expertise, information and process to every project we undertake – and how we go above and beyond to get a balanced outcome.

We are also members of the Sustainable Business Council, and signatories of the Climate Leaders Coalition, so you can trust we will always conduct our business in a manner that is ethical and consistent with the principles of sustainable development.

## Local and Central Government

With proven expertise and practical experience in planning and policy, environmental management, land and water quality, and ecology, our integrated service offering allows us to offer highly specialised advice.

## Individuals to Large Businesses

Our integrated planning and environmental services, ensures every aspect of a project is covered. Our experience working with local government on the regulatory side of things means we know how to get projects done quickly, minimise cost and meet regulatory obligations.

## Iwi

Drawing on our sound knowledge of ecosystem health and the regulations around the management of natural resources, we work with iwi, hapu, and whanau to help them realise the full potential of their resources while protecting those assets for future generations.
