

Mitchell Daysh is a specialist consultancy at the cutting edge of resource management and planning in New Zealand.

We work as one team, harnessing the strength and breadth of our collective expertise. Guiding clients and delivering solutions for some of the most important and exciting planning and resource management projects across the country.

We offer a full suite of resource management services including:

- › Policy statements & plans
- › Resource consents & designations
- › Assessment of environmental effects
- › Strategic & structure planning
- › Submissions, mediation & evidence
- › Due diligence & strategic advice
- › Consultation, engagement & facilitation
- › Collaboration & partnership
- › Project planning & coordination of inputs
- › Resource management compliance auditing
